RE: Water Utility of Greater Buckeye ("WUGB") – Application for Extension of its Certificate of Convenience and Necessity (CC&N) Docket No. W-02451A-06-0792  
INSUFFICIENCY LETTER #2

Dear Sir:

In reference to the above mentioned application filed on December 18, 2006, and the supporting documents filed on March 19, 2007, this letter is to inform you that the application still has not met the sufficiency requirements as outlined in the Arizona Administrative Code. The deficiency is:

1. Based on the submitted Water Use Data, Staff concludes that WUGB's existing water systems lack adequate storage capacity or well production capacity (or both) to serve the existing customer base. Lack of storage capacity also applies to the Sun Valley water system, the system into which Montana Vista is proposed to be interconnected. Please provide a report for the existing water systems' improvements. The report should outline plans to resolve existing water systems capacity inadequacies and include estimated date of completion.
2. Please indicate the off-site water main's size that tie-in with the proposed extension.

Staff would like to use this opportunity to bring the following to your attention:

- Pursuant to the Arizona Administrative Code ("A.A.C.") R-14-2-411(C), the time-frame for administrative completeness review shall be suspended from the time the notice of deficiency is issued until staff determines that the application is complete. Upon meeting sufficiency requirements, the Commission has 150 calendar days for its substantive review. This includes conducting a hearing and preparing Opinion and Order to present to the Commission at an Open Meeting; and

**Please file your response to this Insufficiency Letter with Docket Control.**
